GULL LAKE REGATTA PICTURES TO BE SHOWN HERE

Barney Halpin has made arrangements with the Wm. Wrigley Jr. Co. of Canada to have the Moving Pictures of the Gull Lake Regatta shown in the Avalon Theatre here sometime this month.

These pictures are extremely good, and will show the start and finish of the two Wrigley Championship Races and Motorboat Championships, as well as close-ups of the various winners, and various views of the immense crowd that witnessed the event. These pictures, besides showing the Gull Lake Regatta, will show scenes from the Wrigley Regatta, held at Winnipeg this summer. The showing of these films will take about an hour, and will be run in connection with the regular show at the Avalon at a time to be announced later.

If you attended the Regatta this summer and missed seeing the start and finish of the Races, this will be your opportunity to witness them and likely you'll see yourself among those present.

WILLIAM IRVINE TURNS COMMUNIST

Having taken a turn at every brand of politics, William Irvine, according to the reports of speeches throughout the country, has turned away from his U.F.A. ideas, and thrown himself into the communist ranks. Our United Farmer friends will not feel any too well pleased toward him, and it is to be interesting to try and find a communist for the next election. In an address in Edmonton William says:

Must Kill Capitalism
"A surplus of goods; people in dire need of those goods; unemployment; approaching next war which will end civilization and an unbearable burden of debt were some of the events which would do more to change minds than all the propaganda of labor parties."

In his opinion, the crisis now upon the world, was a phase in the process of capitalism's death. Labor and agriculture as movements were as helpless in the face of the crisis as capitalists. These organizations taking Canada as a whole presented a pathetic and almost hopeless inefficiency.

"If labor is going to assist in introducing a better social order—the Co-operative Commonwealth—it will have to be organized. The proper basis for such an organization was essential that Canadian labor should have absolute control over its own policy and action."

Industry must be given a new purpose, he said, the object must be to produce goods to be consumed and not for profit.

The great Ramsey MacDonald has called upon an underfed nation to sacrifice still more. And for what? The pound sterling!

"Damn the pound sterling! bring food and clothing to the children. Mr. MacDonald in his sacrifice of human values to save temporarily a bondholders' system of economics is a tragic example of the light that shines from the darkness."

What Labor Thinks of Irvine
"I for one am very glad that Mr. Irvine has at last decided which side of the fence to be on," continued Mr. Berg, chairman of Edmonton Trades and Labor Council. "New that he has definitely aligned himself with Mr. Mosher and the Communists against the recognized Labor movement. I can assure him that he will need all the assistance that Mr. Mosher will be able to give him in future elections, because the only trades unionists in Mr. Irvine's constituency are members of the international trades unions."

"Having personally resented in that constituency and having numerous relatives and friends there, and since Mr. Irvine comes into our city to help Mr. Mosher in his efforts to split the Labor movement I shall make it my business to reply to Mr. Irvine at the proper time in the Westsask constituency."

DEATH OF MRS. W. McCUTCHEON
There passed peacefully away at Olds Hospital, on Tuesday morning, September 29, Mary Wilson McCutcheon, widow of the late John McCutcheon, of Lacombe. While visiting friends at Olds, Mrs. McCutcheon was taken ill with pneumonia, and in spite of all that medical skill and kind nursing could do she passed away.

She was born seventy-two years ago near Brussels, Huron County, Ontario, and lived there until 1902 when she came with her family to Frohisher, Sask.; then in 1917 she moved to Lacombe, Alberta, where she resided till her death.

She leaves to mourn her loss five children; John S., of Toronto; Mrs. J. Larmer, Hillbrook, Ontario; David F., of Sylvan Lake; Mrs. T. N. Nesbitt, of Clive. Mrs. M. Ramsey, Lacombe, and Mrs. J. Jones, of Frohisher, predeceased her a few years ago, and another son, Frederick, died in the Great War.

Funeral arrangements were conducted by the Duffield Funeral home, Spruceville, from where the body proceeded to the Lacombe United Church, of which the deceased was a member. The Rev. E. S. Stevens, of Sylvan Lake, assisted by Rev. H. D. Riggs, of Blackfalds, preached

the funeral service. Mr. P. Duffield sang the Solo "Outside the Eastern Gate." Funeral services at the graveside were conducted by the L.O.B.A. of Lacombe. Many beautiful floral tributes were received from friends.

The Pall Bearers were: Mr. E. E. Kitchen, of Red Deer; Mr. Geo. Delong, Mr. G. E. Mann, Mr. John McDonald, Mr. H. Carruthers, and Mr. S. Edmunds, Lacombe.

Others may love you, but only your Mother understands. She loves and forgives, and her only fault is, To die and leave you."

BLACKFALDS NEWS

Mr. E. E. Matthias was badly bruised when his team ran away on Tuesday throwing him out of the wagon.

The Gift Car is being loaded this week, Wednesday, Thursday and Friday. Any gifts of potatoes, carrots, turnips and cabbage will be gratefully accepted. The car will be shipped to Saskatchewan.

The lecture by Rev. A. R. Schrag, of Westsask on Tuesday night was of high merit. Mr. Schrag is well informed on Geology and a very pleasing and forceful speaker.

Rally service next Sunday morning at Spruceville at 10:45. At the last moment the road gang received instructions to lay the tamped gravel through Blackfalds. They finished their working from this centre and are now working from Red Deer and will soon have the road completed to that town.

UNITED CHURCH NOTES

The Ladies' Guild and other organizations of the United Church will hold a free social evening in the Church Hall on Friday evening, Oct. 23rd. A most cordial invitation is extended to members, adherents, and especially to newcomers; also to persons who have not our church connection. Come, get acquainted and spend a pleasant evening.

A meeting of the Presbytery Executive of the Women's Missionary Society will be held at the Manse on Saturday, October 17th, at 2:30 p.m. The Young People's Rally of Lacombe Presbytery will be held at 8:30 on Thursday, October 15th, at 4:30.

The Guild of the United Church are planning to put on a 50c. chicken banquet, in conjunction with the Board of Trade who will bring a popular speaker, probably during the week in October. The date to be announced later.

Owing to the serious illness of his mother, Rev. E. B. Layton was suddenly called East last week. Rev. E. C. McLeod is filling the pulpit during his absence. Those who had the privilege of hearing Mr. McLeod last Sunday, will be delighted to know that he will speak again at the morning and evening services on Sunday, October 11th.

WOMEN'S INSTITUTE

Mrs. S. O'Brien, Mirror, Constitution President, was an official visitor at the regular meeting of the Women's Institute, held at the home of Mrs. E. Hunter on Saturday afternoon. The results accomplished by the League of Nations was the subject of an interesting and enlightening address by Mrs. O'Brien. She also stressed ways in which women may help further the cause of Peace. Mrs. Newton and Mrs. Watson presented the third installment of the serial story which is being written by the members. Mrs. J. Paul and Mrs. R. B. Bultin also wrote the fourth chapter. Arrangements for a tea and sale of balm were left in the hands of a committee.

CALGARY CONTRACTOR KILLED

602 Fifth Avenue West, prominent Calgary building contractor, was killed Saturday afternoon in a shooting accident near Bearspire, northwest of Olds, Alberta.

Mr. B. Hunter, in company with Park Oliver, was returning six miles northwest of Olds, and his sons, Harry T. and Arthur Bow, 17 and 15 years of age respectively, was instantly killed when hit by a

charge fired by Mr. Oliver. Constable Dobbin, of the Alberta provincial police at Olds, investigated, and Dr. C. T. Hartmann, coroner, was called. Dr. Hartmann decided that an inquest was unnecessary.

BLACKSMITH KILLS PARTNER

Fairview, Oct. 5—Myron Whitney, 72, was formally charged with the wilful murder of Thomas Tully by A.P.P. Constable Sambooke, following a coroner's inquest Friday night. Not only the British pound is at a heavy discount in the United States Market just now, but the Canadian dollar is also greatly depressed. Thus far there is lacking from any authority a single reasonable excuse for the depreciation of the dollar in the international market. From day to day these depressed values vary as the money dealers see fit to juggle with them and it may be taken for granted that as they juggle, so do they profit.

It is not another illustration of the fact that money today, instead of being solely a medium for the exchange of products between peoples as was originally intended, has been turned into a product itself, by the manipulation of which men amass wealth. So far as Canada is concerned, "we should worry" over the depreciation of the value of our dollar in the United States. It is not depreciated in Canada and as a matter of fact we could get along fairly well if we ceased sending dollars across the border for United States goods for a time. That will be true until such time as the Americans realize that by cutting the worth of our money in their market they are

killing the goose that has been laying golden eggs for them.

ONLY MUDDLERS

Britishers are of themselves that they are great "muddlers" and that no matter how complex the situation may be nationally or internationally, they have a habit of "muddling" through. One is inclined to believe that there is much truth in this, but it is open to question whether Britishers are any worse muddlers than are the people of other nations or races.

There is this to be said of the British as muddlers: Recognizing that they are muddling along they move carefully and with caution. Many nations and people who are just as great muddlers as the British refuse to recognize or admit that fact, with the result that their actions and determinations on occasions of crisis are based on a cocksure attitude of mind and frequently result in aggravation of the situation they were planned to remedy or in the creation of other and worse situations. In the financial crisis which is sweeping over the whole civilized world Britain is involved equally with other nations. The entire financial structure of Great Britain has been threatened and in the face of a national crisis political parties have sunk their differences and united in a national government to meet the big issue of the moment.

It is difficult to say just what will be the ultimate result, either economically or politically. Whatever it may be it is safe to say that it will have effects of importance throughout the whole world. Britain is muddling through and as she muddles along is learning and putting into practice the lessons learned. It would not be surprising if some solution of the prevailing economic problems is finally reached, other world nations will be found sitting at the feet of British Gamaelias, getting the truth from them.

DOMESTIC LOAN FOR CANADA SOON

Ottawa. A domestic loan in Canada looms up as a probability within a few months. Conditions for borrowing in the United States are not propitious, but it is said plenty of funds will be available in Canada without encountering the adventures of exchange. Any loan floated would be primarily to bear the cost of those undertakings designed for the relief

of unemployment, but might be applied to other purposes.

The amount of the flotations will be determined by requirements but general revenue conditions clearly suggest that it will be heavy.

At the Avalon
STRANGERS MAY KISS
Norma Shearer never looked more beautiful than in "Strangers May Kiss," which shows at the Avalon Theatre this week end. In the picture of the daring Ursula Parrott novel, Miss Shearer essays the

most glamorous role of her career and to this reviewer achieves a greater performance than in "The Divorcee," which was for her. She is an actress. Two leading men support the star in her latest offering. Robert Montgomery and Neil Hamilton, the former playing the

part of the devoted but humble sweetheart, the other enacting the role of the rugged adventurer with whom she embarks upon an unconventional romance. This is a real, suspenseful production and is a complete work of art. Don't miss it.

Here and There

New Brunswick will have an open season for partridge shooting from October 1 to 15, 1931, according to an order issued by Hon. L. P. D. Tully, provincial minister of lands and mines.

Value last year of Nova Scotia fisheries was placed at \$11,111,300, according to a recent Canadian Government report. The lobster and cod are of chief importance.

Since the Royal Canadian Air Force made its first experimental flight over Lake Winnipeg in 1927, the total number of photographs taken from airplanes in Canada is close to half a million.

Condemned to the stocks three years ago, Case Paul Bruce, mature Holstein bull, was recently crowned grand champion Holstein bull of the Calgary stampede and exhibition. He was acquired from the former owner by the Canadian Pacific Strathmore farm and won in the railway's portance.

To see his 28 nephews and nieces in Canada, to return the visit made him by the Canadian Bishops last year; and to see the statue of the late Lord Bessborough in the three reasons for the two months' visit to the Dominion of His Lordship the Bishop of London, Dr. A. E. Winnipeg-Ingman, who arrived recently aboard the Duchess of York.

A Doll For Every Girl

The Western Globe has just received a shipment of dolls to be given away with every subscription received. The large dolls, dozens of which have already gone out, could only be given away with one year's subscription, and many subscribers wish for a doll that could be given away with a single subscription; also some families with more than one girl required a doll for each child. So now we have them. They are 19 inches high, beautifully dressed, will talk, and are dolls that any little girl will be proud of.

See them in our window. Any person, whether old subscriber or new, can get one of these dolls FREE with every year's subscription paid. The large dolls will be given with every subscription covering two years.

Any girl bringing in one subscription, either in her own family or in a friend's will receive a doll. For two subscriptions, any girl gets a large doll, or if she prefers two of the smaller ones.

The large doll cannot be bought for less than \$2.00, while the smaller one is valued at \$1.25.

Get your Christmas presents now for your girls FREE.

Help for Needy Settlers Asked

While Central Alberta this year is blessed with an abundant crop of farm produce of all kinds, more than necessary for our needs, other parts of the province are not so fortunate. In the south and east country the farmers are in dire need, and if assistance is not extended there will be great suffering in the families this winter. An appeal has gone out for donations of farm produce, in the shape of potatoes and other vegetables, and the Lacombe Agricultural Society has decided to try and raise a carload or two of these necessary commodities. During the past few days several farmers of the district have stated that their crop of potatoes, owing to the extremely low price obtainable, are not worth harvesting, and will be left in the ground. We think that if these farmers will realize the great need for them in other parts of the province, they will save them, and if they cannot use them themselves, see that their less fortunate brothers benefit by them.

An appeal is made to all farmers in the district, who have an oversupply of vegetables to bring them to Lacombe for shipment to the stricken areas. Mr. P. W. Pratt has kindly given the use of his barn on Barnet avenue for the purpose of collecting the produce for shipment. Farmers are requested to bring in their donations at any time and leave them in the storeroom. Please put your names on the bags, so that credit may be given. The Government, at the request of the Agricultural Society, has consented to pay the freight and look after the distribution of the donations, at no expense to the society aside from the loading of the cars. Get to touch with Mr. D. F. Chisholm at once if you are in a position to donate as the shipment must be made on Saturday, October 17.

MONDAY, OCT. 22, THANKSGIVING DAY

At the last session of Parliament, it was decided to move Thanksgiving Day forward to a date in October as was the custom up until a few years ago and observe November 11th in each year as "Remembrance Day." This has been celebrated heretofore as Armistice Day in conjunction with Thanksgiving, the joint holiday always being observed on the Monday of the week in which November 11th fell. Under the new legislation both days will be observed as public holidays. Thanksgiving has been proclaimed for Monday, October 22nd and Remembrance Day will fall on Wednesday, November 14th. Both will be school holidays.

NOTHING BUT GRACE OF GOD CAN SAVE WORLD

Toronto, Oct. 2.—With ringing utterances of faith and confidence in the future, Premier R. B. Bennett here Thursday night declared that the issue before the world today was that of Christian civilization. Civilization had not failed; Christian religion must not go into the discard and with supreme confidence, high courage and faith, the prime minister stated, we must look forward to the future.

"What is the matter with the world today?" the prime minister exclaimed. "What is the trouble with the world? The mad orgy of extravagance, reckless expenditure of money, forgetting old and honest virtues of thrift or care for the morrow, believing that get-rich-quick should be the motto of our lives—all these things have brought us to this pass."

"How could present difficulties be overcome? Premier Bennett proceeded. Some people looked to governments and said they must do it; others looked to churches and said they must do it; 'but men and women,' he continued, 'it will be one way only—by you and me, ourselves, and by no one else. It is what the individual will do that will determine the issue.'"

Continuing, Premier Bennett stated the grace of God had saved England in the 18th century. "And," he declared, "I am firmly convinced that nothing but the grace of God will save this world. You may talk about your economic theories, the application of the gold standard, the demonization of silver, balances of trade, exports and imports, but one thing only will save Christianity and that is the grace of God. That is my conviction."

CREAM DELIVERIES INCREASE

Alberta is fast becoming a notable dairy province. According to a statement recently released from the office of Dr. C. P. Marker, Dairy Commissioner, Edmonton, deliveries to creameries in the province for the four weeks ending August 29 were 12.2 per cent. in excess of those made in the same period last year. The total deliveries during the month of August, 1931, were 2,246,569 pounds of butterfat in cream. For the period January 1 to August 29 this year, the increase was 32.4 per cent. over the deliveries made in the same period during 1930. A significant feature of this increase is the fact that while the northern and central sections of Alberta contributed generously to the total, the former increasing 25.6 per cent. and the latter 42.7 per cent., the southern section made a gain of 15.3 per cent.

Another pleasing feature is seen in

the grading. Four decimal nine per cent. more special graded cream was delivered this year than last, and about 7 per cent. less first grade. Second and off grades were slightly lower in 1931.

Commenting on these figures, Dr. Marker made the following statement:

"It will thus be seen that the increase in production, which was resumed during the year 1929, was continued into 1930. The average annual milk production per cow is now estimated at 4,600 pounds, with 175 pounds of butterfat. The financial side is not quite so pleasing, however, in that the market value of the year's dairy production declined by approximately 15 per cent. This decline was distributed at a more or less irregular rate upon the various types of products. The fluid milk and cream market paid relatively better prices than did, for instance, the butter factories, which were exposed to keen competition and world-market condition in the marketing of their butter output. Reference to the second table printed in this report will show that the average selling price of creamery butter at the factory declined by 23 per cent. for the year, as compared with the average price of the previous year."

"The butterfat in cream supplied to the creameries took a somewhat similar drop, and in this connection it is interesting to note that in one of the reports issued by the Empire Marketing Board there is a statement to the effect that the average London top quotation for New Zealand and Australian butter declined to practically the same extent, namely, 24 per cent."

THE FIVE CENT BONUS

The five cent per bushel bonus being paid this season to wheat growers by the federal government will mean a good deal to the farmers of Alberta. With estimates in official circles placing the 1931 wheat crop in the neighborhood of 110 million bushels, something around five and a half million dollars will be paid to growers in this province. In connection with the payment of this bonus, the following facts have been made public:

"The bonus is retroactive and all wheat shipped now will be tallied and payment made. No bonus certificate will be issued after July 31, 1932."

"Grower," according to the regulations drawn up by the Board of Grain Commissioners and approved by the Federal Minister of Finance, is a person who grows wheat by means of his own labor or by labor hired by him, but excludes farm laborers."

"Issuance of bonus certificates are not allowed to deliver them to anyone but the grower. Penalties for

violating the regulations range from a fine up to \$100.00 or a term up to three months if an individual, or to a fine of not more than \$1,000 in the case of a corporation."

"Holding that the bonus is not garnishable, the regulations state that:

"No person shall assign any claim to any bonus and no person shall accept any such assignment and no such assignment shall be valid or of any effect whatsoever, and any person authorized under these regulations to issue a bonus certificate is prohibited from recognizing or acting upon any such assignment or notice thereof."

"The regulations also say that the bonus will not be subject to any garnishment, seizure, attachment or execution or any legal process whatsoever."

"Taking Western Canada as a whole with an estimated yield of between 225 and 250 million bushels, the bonus will make available between 11 and 13 million dollars. The introduction of this sum into the prairie business will undoubtedly have a salutary effect."

G.A. GASOLINE AGENT

BETS SIX MONTHS

Wetaskiwin, Oct. 3.—Charged with the theft of \$479 in cash and gasoline and oil to the value of \$1,147, from the British-American Oil Co., M. Ellergood, formerly agent of the company was sentenced to six months imprisonment by Mr. Justice Ives, at Wetaskiwin, Wednesday.

WRIGHT SWIM ASSURED GULL LAKE SWIM NEXT YEAR

In a communication from the Wm. Wright Jr. Co., of Canada, Barry Halpin was assured that Gull Lake would again be given the Wright Swim next summer. W. S. Dodman, Western Canada representative of the firm informs us, that the way the Regatta was handled at the lake this summer was a credit to all concerned and was by many considered better than similar events held in the eastern provinces. Mr. Dodman says: "As to next year's Wright Swims, our company assures you that Gull Lake will again be given them if they desire them."

JACK HOLMES HONORED

Red Deer, Oct. 3.—Corporal J. T. Holmes, A.P.P., Red Deer, left on Thursday for Brooks where he has been transferred. Mr. Holmes has been here for ten years, the past two years in charge of the sub-district headquarters.

The departure of the popular officer was marked by a banquet at which 95 friends attended. J. Walsh was chairman and among those who paid tribute to Corporal Holmes were J. R. McClure, Judge Malaffy, J. D. LaFrance, J. P. and W. J. Botterill.
